

Sulis

IMPROVED COLOUR & BRIX

Pioneering
Fertilizer

LAB0331-01

levitycropscience.com

10L (11.5kg)net

Sulis:

Improved
colour & brix.

Sulis increases soft fruit yield and quality by improved colour formation, increased brix levels, better fruit firmness and earlier harvest (faster maturation).

APPLICATION RATE:

1-2 L/ha as a foliar spray min 100L water volume. Apply when needed to stimulate colour and brix ahead of harvest. Apply as fruit starts maturation and Sulis will accelerate colour and brix.

Tank-mixing: Compatible with most common pesticides and fertilisers. Always jar-test before tank mixing to ensure physical compatibility.

Storage: Store indoors in a frost free environment, avoid exposure to temperatures below 5°C or above 30°C.

ANALYSIS:

Molybdenum (Mo) 5%,

HAZARD STATEMENTS:

H318: Causes serious eye damage.

Signal words: Danger.

P264: Wash hands thoroughly after handling this product.

P280: Wear skin and eye protection.
