

PROPERTIES

e-codaleo K is a liquid solution of high content in potassium specially formulated for foliar applications, that acts as potassium deficiency corrector in all kinds of crops. The potassium improves the quality and the coloration of the treated crops. If it is applied at the end of the crop cycle, it advances the maturation.

GUARANTEED ANALYSIS	
Potassium (K ₂ O)	% w/w
	7.1

pH = 9.0 ± 0.5

OBSERVATIONS

e-codaleo K is compatible with most of the agrochemical products, but a previous compatibility test is recommended.

The mentioned doses are orientative, and may be modified according to climate, crop varieties. Optimal storage temperature is between 5 and 30°C. Not to pile up more than 3 packages or 5 boxes of height.
